<p>a. Due to the Land Ban Restrictions as well as Waste Minimization programs that involve hazardous waste disposal, I have looked into our waste rag disposal costs verses shop towel rental costs.</p> <p>b. Figuring that the plant population of hourly personnel is at 4,700 and that each of these employees were issued 5 towels per week pur costs as well as our future liabilities could be greatly reduced.</p> <p>c. The cost per week rental of 25,000 units would total \$1,000.00 per week, also figuring a 10% loss factor which would add \$625.00 per week.
